ARABESQUE STAGECOVER

An Arabesque Stagecover, with its dramatic curves and distinctive design, creates a striking backdrop for any outdoor concert. It is renowned for its superb acoustic projection and excellent sight lines.

The Arabesque with its strong frame is available in various sizes. The clearspan interior is able to accommodate most stage dimensions for groups from a small handful of entertainers to a full orchestra.

By adding an end panel, the Arabesque Stagecover converts quickly and easily to an Arabesque Theatre.
