# Peak Marquee™

## features

### ELEGANT AND TOUGH

Smooth graceful lines conceal a rental tough, durable, simple frame.

### INTERCHANGEABLE PARTS

Through twelve sizes from 100 to 1380 sq.ft., streamlining rental inventory.

### MODULARITY

Unique gutter system allows the tents to be joined in a variety of configurations.

### POLE FREE INTERIOR

The flying Centrepole supported by diagonal cables gives an obstruction free spacious interior.

### BATON SLIDING WALLS

Baton Sliding Walls slide and attach neatly to the post for an open side setup. The batons make carrying and installing walls quick and easy while reducing wear, tear and cleaning.

## specifications

### CANOPY:

Double curved for beauty and wind stability.

Fire retardant; satisfies ULC-S109 for National Building Code, also NFPA 701 large scale, California Fire Marshal.

Mildew and rot resistant.

Constructed of 18 oz. vinyl polyester with gloss self cleaning finish in a variety of colours including white and opaque.

Top pennant colour coordinated.

### CARRY BAGS:

Protective fabric cover bag with convenient handles for carrying.

### WALLS:

Fire retardant, 14 oz vinyl/polyester fabric. Sliding with batons or standard. Plain, mesh, clear vinyl, bay or french window; zipper and framed doors.

### JOINERS:

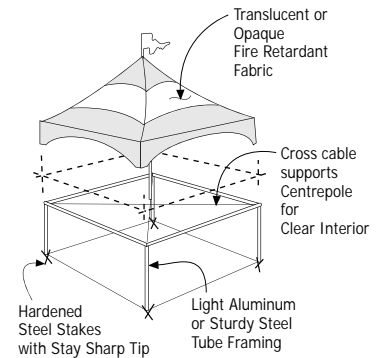

Our exclusive Downspout Gutter/Joiner forms a seal between linked tents keeping rain and drafts out.

### FRAMING:

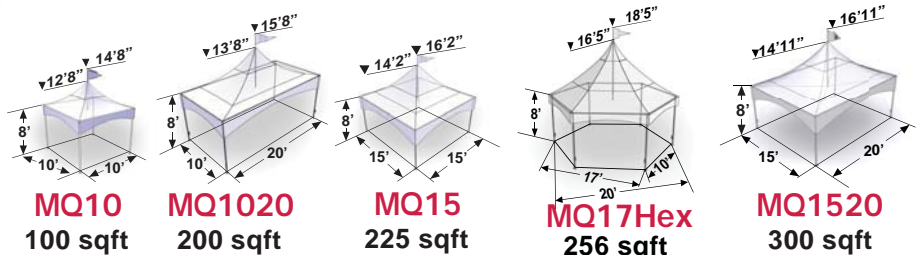

Free standing frame. Anodized aluminum or electroplated steel interchangeable slip fit parts. No tools needed for assembly.

### HARDWARE:

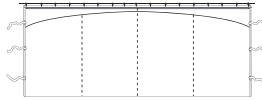

Complete with all hardware and steel stakes.
